LIST OF NEW CASES FILED THIS WEEK IN LOCAL COURT

Through Robert Duncan Geo. E. Lovejoy has filed a complaint against W. J. Keifer. Lovejoy alleges that the defendant has placed a gate across the road into Lovejoy's property, which road has been a public thoroughfare for the past twenty years. A restraining injunction has been issued to prevent Keifer's maintaining the gate until the case has been settled. Lovejoy asks for costs, etc., and $500 damages. Keifer is the individual who recently broke into print quite voluminously on account of alleged refusal of local officials to protect him from the attacks of his neighbors, whom he alleged were trying to murder him. Sheriff Byrnes spent some time investigating the case but could find nothing on which to proceed against Keifer's enemies. Evidently, to judge from the complaint filed by Lovejoy, there are two sides to the row.

Through G. E. Redwine, Fred B. Wilsey has filed a suit in divorce against Grace Wilsey. The parties reside at Covelo. Wilsey alleges cruelty in that his wife accuses him of infidelity and would not believe his declarations of faithfulness. She deserted him August 3rd last. There are two children. The couple was married Oct. 31, 1909.

T. M. McKnight, of Covelo, has appealed to the superior court the case wherein he is the defendant and E. W. Waldron is the plaintiff. Mannon & Mannon, acting for Waldron, obtained a judgment of $150 against McKnight on account of his alleged carelessness in permitting an auto truck he was driving to collide with Waldron's passenger car. The case was tried in Judge Redwine's court at Covelo.

Through Jas. Hurley, Thos. Boyle has filed a suit in divorce against Maretta Doyle. They were married at Gualala Sept. 5, 1897, and there are two sons of minor age. The plaintiff alleges the wife deserted him May 28, 1916.

Through Frank Taft, B. Shiminowsky has filed a petition for letters of administration on the estate of H. Shiminowsky, deceased. The purpose of the proceeding is to correct the legality of certain deeds which were given by the deceased prior to his death.

Through Frank Taft, Lucinda Woelffel has filed a petition for admission to probate of the will of the late G. A. Woelffel, with herself as executrix. The estate is valued at about $5000.

Jennie Dougherty, through Pettis & Pemberton, has filed a suit in divorce abainst Jerry Dougherty, alleging desertion. The parties were married at Fortuna, Dec. 25, 1910, and the alleged desertion occurred in June, 1916. There is a minor daughter, of whom the mother asks the custody.

WILLITS ELOPERS STOPPED AT CLOVERDALE SATURDAY

(Cloverdale Enterprise)

Marshal Conner and Constable Wilson, who received orders from Sheriff Byrnes of Ukiah, arrested a Mexican by the name of Guadalupe Orasco, last Saturday on the down train, who it is reported, was eloping with a pretty young girl by the name of Adaline Webb, of only fifteen years of age. Orasco claimed he had the mother's consent. They were on their way to San Francisco.

The Mexican had been working on the Northwestern Pacific railroad, near Willits, as a section hand, under the foremanship of Mr. Webb, the girl's father.

Sheriff Byrnes came down in an auto and took his prisoners back to Ukiah.

Orasco is an ex-convict and is also said to be a slacker.

RED CROSS TO HAVE DRIVE ON SEPT. 15TH

Saturday, September 15th, has been set aside by the Red Cross as Drive Day, on which the local members of the society will seek financial aid in their endeavors to aid in the good work that they are carrying on. A concerted "drive" will be made all over the United States on that day in hopes of furthering this great institution.

Further announcements will be made later, but it is rumored a lawn fete on the courthouse plaza will be the big feature of the affair here.

Miss Hazel Bucknell and Miss Fodie Heryford, who have been in a wholesale millinery establishment in San Francisco for several months, returned to Ukiah the first of the week.

DISTRICT BOARD ACTS ON FARMERS' CLAIMS

The California Exemption Board, of District No. 2, comprising fifteen counties from Monterey to Del Norte, was in session Tuesday of last week, hearing appeals from local boards. Numerous appeals came up before the board, alleging that the appellants were engaged in agricultural pursuits and claiming exemptions on those grounds. Senator Slater, who is chairman of the board, announced that according to the ruling of the board, no person who is not actually engaged in the production of food products, or who was not engaged in that production before the passing of the draft law, will be exempted on the grounds of oeing a farmer. Several cases wherein divinity students claimed exemption because of religious scruples were also considered and held over for further investigation.

The board passed on the following claims and appeals from Mendocino county: Certified for service, Porter Lee Dyer, Firmin Allen, Erven Vassar and Vernon Ruddick; continued for further information, William J. Pedro and Loring B. Ross.

MANY CHANGES IN PRECINCT BOUNDARIES

County Surveyor Ed Smith has received instructions from the board of supervisors to make many changes in the boundaries of the voting precincts throughout the county during the coming year. The boundaries will be straightened up and the territory included made more convenient to the polling places.

Ukiah is to have one more precinct, which will make seven for this place. Highland is to be established from a part of Boonville, and will take in the same territory as the present Highland school district takes. The boundaries of Round Valley, Boonville, Williams Creek and those of all the territory lying north of Westport and west of Eel river will be changed.

When Mr. Smith gets through the voters will find that conditions which have caused considerable confusion and inconvenience for them will be eliminated.

HARVEST SEASON OCCASIONS ACTIVITY AT DEPOT

Although there has been a shortage of freight cars for some time owing to the fact that the government has required the use of all that could be spared for the shipment of lumber necessary for the building of military quarters, yet the N. W. P. depot forces report a vast lot of shipping during the past week. Wheat, pears and tan bark formed the major part of the week's shipments, the Earl Fruit company and the Colby Packing company handling some forty cars of pears alone. Twenty carloads of wheat for Petaluma, ten carloads of tanbark to Santa Rosa and five carloads of canned beans to San Francisco were among other big shipments.

HUTCHINSON ACQUITTED OF SERIOUS CHARGE

Fred Hutchinson, of Mendocino, was acquitted by a jury yesterday of the charge of attempted rape placed against him by E. Luoma, of Mendocino, whose sixteen-year-old daughter, Esther, was the complaining witness. According to the girl's testimony she was decoyed at night to the office of Dr. Basford, a dentist, for whom Hutchinson was working, and kept for several hours by Hutchinson. She finally made her escape unharmed.

The jury was out about twenty minutes.

Preston & Preston defended Hutchison, who had no funds and asked for the court to appoint counsel to defend him.

FORT BRAGG CONCERN FILES ARTICLES HERE

Articles of incorporation were filed here yesterday for the Fort Bragg Hotel Company, Limited. The purpose of the company as its name indicates, is to conduct a hotel business at Fort Bragg. There are 500 shares of capital stock at $100 each. Three shares have been subscribed, one by each of the following, who appear as the directors and incorporators of the concern: H. C. Johnson, P. C. Jones and R. R. Ender.

Assistant U. S. Attorney M. A. Thomas and family departed for their home in San Francisco the first of the week after a two weeks' visit with friends and relatives in Mendocino county.

TAX RATE SET AT $2.45 BY SUPERVISORS LAST TUESDAY

"The people voted the highway bonds. Now they have to 'pony' up. If they insist on having luxuries, they will have to pay for them. We did the best we could under the circumstances. But every way we turned we were confronted with a levy of .52 for state highway bond interest, rights of way, bridges, etc., that we could not escape. These are items that never used to figure. If you deduct this .52 from the total rate it won't compare so badly with rates in past years. It would then be only 1.93."

Thus in effect the supervisors are explaining their inability to get the tax rate for the present fiscal year below the figure they set it at, which is $2.45 outside and $1.85 inside incorporated cities and towns.

There is justice in their excuse. And besides the extra .52 necessitated by the highway, there is the Feliz creek bridge, which was destroyed by fire recently, the Redwood valley bridge, the Fort Brown and Potter valley bridges, bridges at Dark Gulch, Frazier creek, Newport, Rockport and Greenwood, all of which are demanded by the taxpayers of the respective sections, and which add about $42,000 to the budget, a rate of about .26. On the whole, when it is considered that the budget as originally submitted would have called for a rate of over $3.00, it will be readily seen that the paring knife was used with diligence and generous slices were cut from the various estimates.

However, the rate is plenty high, thank you, when it is considered that the assessed valuation has climbed about $227,000 over what it was last year.

The supervisors, assisted by the secretary and several directors of the Taxpayers' Association, wrestled with the problem the greater part of the day last Tuesday. Concessions were made by all the districts, and it is the honest opinion of the Dispatch that the supervisors have done the very best they could under the circumstances. Indeed, they have done far better than we expected they would.

Following is the official budget of the county general fund as submitted. The expenditures of 1916 are set down in the first column. In the next are the estimates of the various departments of the county government for the present year and in the third are the sums allowed by the board after they finished their work of paring the estimates down. We have set down figures in the third column only where the board made changes. Where this column is blank the amounts were allowed by the board as submitted to them.

Totals	$197476.70	$259133.36	$227705.86

From the foregoing it will be seen that the estimated expenditures were $259,133.36 in the county general fund, which the supervisors cut to $227,705.86. There was a balance in this fund July 1 last of $30,500.78 and receipts from other sources than taxes during the year will swell the amount to $53,033.36. This amount deducted from the estimate leaves $174,672.50 to be raised by taxation. To raise this the supervisors made the rate 1.08. The rate as originally estimated would have been 1.27.

The county physician reported in presenting his budget that he had discharged all the old nurses and assistants and had improved the efficiency of the staff by the hiring of a trained nurse at a salary of $75 per month. He asked for a night nurse, who shall also be watchman, at a salary of $60 a month, and an assistant day nurse, who shall be general factotum at $45 per month. These recommendations were allowed and involved a salary increase of $1140 per year, but the board believed that the increased efficiency warranted the increase and granted the request. The county physician also asked for a heating plant at $6000; a laundry at $4000; a new ward at $8000; a tuberculosis ward at $1000; renovation of one old ward at $3000. These recommendations brought his total budget up to $39,500. The board allowed $500 for the repair of one old ward, and $1000 for a tuberculosis ward and cut the other additions out, effecting a reduction of $20,500.

The 40c tax levy in the Ukiah high school district represents $9000 or a rate of .32 for the new ell and $2200, or a rate of .08 for support.

In the First road district Supervisor Rawles gets $9,250 out of the county general to help build the new Feliz creek bridge. The remaining $1750 required for the construction of this bridge will come out of the road funds of the district.

In the Second road district, Supervisor Ford gets $8,250 out of the county general. This will be expended as follows: Redwood valley bridge, $1400; Fort Brown bridge, $3000; Potter valley bridge, $2600; sundry repairs, $1250.

In the Third district Supervisor Fairbanks gets $26,000 of the county general. He will spend $10,000 for state highway rights of way; $4000 for bridges north of Cummings; $5000 for bridges between Cummings and Laytonville. The proposed disposition of the remaining $7000 he refused to divulge, nor could cajolement nor threats tear the information from him.

In the Fourth district, Supervisor

JAP COMMITS SUICIDE ON A. S. MANN RANCH

Monday morning the A. S. Mann ranch on the Orr's springs road was the scene of a bloody suicide, when S. Komoda, a Japanese, employed in the capacity of cook on the ranch, committed suicide by cutting his throat with a razor.

During the early hours of the morning the Japanese aroused the ranch by the commotion that he was causing and he was placed in his sleeping quarters and the door locked. The sheriff was then sent for. It was evident that Komoda was insane, as he was suffering from a hallucination that someone was trying to bring about his death by means of electricity.

Before the sheriff arrived on the scene on of the ranch men looked through the key hole and saw the Jap tossing about on the bed. However, he did not enter. When Sheriff Byrnes arrived and entered the room some forty-five minutes later, he found the Jap on the floor, dead, with his throat cut. The coroner's jury returned a verdict that the deceased died from a self-inflicted wound.

HUNTER LOSES FOOT FROM SHOTGUN CHARGE

While C. S. Nelson, of Alameda, was standing near the cabin of Nelson Shields, below Orrs Springs last Sunday afternoon, a shotgun which he was holding in his hand with the muzzle resting on his instep, was accidentally discharged. The charge blew away half of his foot. Shields rushed to Mallory's camp for aid and Dr. Peirsol was called by telephone from Mendocino. In the meantime Shields had ligatured the limb and stopped the flow of blood. After the doctor had attended the wound, Nelson was brought to Ukiah and taken to San Francisco Monday morning. At last accounts he was in a bad way from the shock and the trip to San Francisco.

AUTO ACCIDENT NEAR HOPLAND LAST SUNDAY

A party of San Francisco people motoring near Hopland last Sunday, had a narrow escape from serious injury when their car went over the grade and turned over. It is stated that one of the women of the party was driving and that she was unable to reverse her steering wheel in time on a sharp turn. It is a miracle that some of them were not killed as the car rolled some twenty feet down the bank. Bruises were the extent of the injuries. The party consisted of A. Rousseau, wife, son and daughter, Mrs. Jorden.

Dr. Van Allen was called and attended to their injuries.

HOLLIDAY HAS RECORD FOR HEAVY HOP PRODUCTION

Everett Holliday's place is noted for the unusually heavy production of hops thereon, and this year he has a record that puts most of the other hop patches in this section in the shade. From about eight acres, or to be exact, from 6,875 hills he got 82,094 pounds of green hops, which when dried will be a little better than 11½ tons. At the prevailing prices of the past few months this would be better than $8,000, or over $1000 to the acre.

Mrs. Anna Cranz returned the latter part of last week from several weeks' stay in San Francisco.

T. F. Hudson left the first of the week for an extended absence, accompanied by his family.

JOHN P. SMITH, OLD PIONEER, PASSES DIVIDE

At the ripe old age of ninety years, the oldest living pioneer of Ukiah, passed to rest yesterday evening about six o'clock, at the home of his daughter, Mrs. Andy Milne, at Talmage, where he had been ill for several weeks. Mr. Smith first came to Ukiah in 1857, and he and his family were the second white family to settle on the present townsite of Ukiah, the family of A. T. Perkins having preceded them the year before.

Mr. Smith was born in Hickman county, Tenn., June 20, 1827. In 1836, he, with his parents, moved to Morgan county, Ill., where Mr. Smith received his education and resided on a farm until Feb. 12, 1852, when he took passage for California, via Panama, arriving at San Francisco, July 14th. He went at once to Sutter county where he followed farming and teaming for two years, after which he continued the same business in Yuba county for one year. He then moved to Solano county and engaged in dairying and farming and speculating in stock until Sept., 1857, when he came to Ukiah, buying 200 acres, part of which is included in the present townsite. In Feb., 1861, he moved to Point Arena, where he teamed until the fall of 1866, when he commenced farming about ten miles below Ukiah. About a year and a half later he moved to Ukiah and engaged in the stable business. He has resided at or near Ukiah practically ever since.

March 4, 1849, he married Miss Mary A. Henderson, a native of Ohio, born March 27, 1830, and twelve children were born to them, of whom nine survive, as follows: C. P. and H. B. Smith, of Ukiah; Mrs. Andy Milne, of Talmage; Mrs. Chas. Wilgus and Mrs. Chas. Scott, of Ukiah; Mrs. Lon Scott, of Greenwood; Mrs. Chas. Reaves, of Lakeport; Mrs. Frank Shaw, of San Diego; Mrs. Emma Hanson, of San Francisco.

Mr. Smith served with honor two terms as supervisor in this county during his lifetime, and was actively identified with the politics of the county for many years.

The funeral will be held Saturday morning at ten o'clock from the residence of C. P. Smith at Scott and State streets.

JOHN SNOW MEETS OLD COMRADE IN SAN FRANCISCO

John Snow made a flying visit to San Francisco Tuesday to meet an old friend, Dr. J. T. Searcy, of Alabama. As boys they were schoolmates and later were army comrades. They had not seen each other for thirty years.

MAY DEVELOP NANGANESE IN HEARST NEIGHBORHOOD

Atty. Metcalf, of the San Francisco legal firm of Metcalf & Black, was a Ukiah visitor the first part of the week. He had been to Willits on business for a big corporation, the identity of which he did not divulge. He states that the company will develop the manganese deposits on the Berry ranch at Hearst and will work from that place back on to San Hedrin, building a road to bring out the ore as they go into the mountains. He says that there is all the manganese ore in that section that the world will need for many years, and in order to get it to market the company he represents will immediately put on forty-five heavy auto trucks, which number will be increased next spring.

The company will build a gravelled roadbed to carry the traffic out of the mountains. They contemplate operations which will extend over a number of years and will eventually reach into the uttermost fastnesses of San Hedrin.

They have already begun preliminary work, he stated.

CARROLL RUDDOCK WILL WED LOS ANGELES GIRL

Carroll Ruddock, son of Mrs. J. C. Ruddock, former Ukiah resident, will wed Miss Agnes Scholl, of Los Angeles next Wednesday. Dr. Ruddock's bride is also a doctor. The groom's many Ukiah friends will extend good wishes.

A fire at the Green Burke hop kiln last Tuesday afternoon was extinguished after it had caused about $250 damage to the building.

C. W. Sanders and family, of Peachland, are here for a visit with Wm. Heryford and family.

WHAT IS DOING IN POINT ARENA

Point Arena, Sept. 2—Arch Kunzler made up his mind that he would not go to war without leaving a bride to pray for him while away. Accordingly, about six weeks ago he secretly married Miss Donohoo, formerly of Berkeley, who was boarding with his mother and teaching school in Garcia district.

Miss Eltha Wilson and Will Walker were also secretly married about two weeks ago. Judge Kingren tied the knot, his first official wedding.

Miss Mac McCallum and Fletcher Scott celebrated their fifteenth birthday anniversaries in Scott's opera house Friday night by a very swell party. The attendance of friends was large and the delicious refreshments were in proportion.

Rev. J. W. Quay, on arriving at Los Angeles, found his daughter's health improving, but received another telegram that his son is Kansas was not expected to live and he left for there at once.

Mrs. Charles Hunter brought the remains of her husband on Wednesday's steamer. She was accompanied by her little daughter and another daughter, Mrs. Helen Hamilton, also Miss Emma Hunter and Clair Hunter, sister and brother of deceased. The funeral of Chas. Hunter was held on Thursday, services being conducted by B. H. Baker, at the Evergreen cemetery. The Native Sons took charge, a large concourse of people being present. The beautiful floral pieces and quantities of flowers testified to the love and esteem in which he was held.

Miss Deedie Kehoe passed away Monday. The funeral services were conducted in the Catholic church by Father Edward on Wednesday. She was laid to rest in the Catholic cemetery in the presence of a large number of friends and covered with a profusion of beautiful flowers.

Mort Scott took Dan and Leslie McCallum in his car to Ukiah Sunday. From there Dan McCallum will take his son, Leslie to Santa Rosa to attend business college.

Leslie Stornetti is very sick in San Francisco with very little hope of his recovery.

Mrs. Emma Madden, of Tracy, is visiting her parents, Mr. and Mrs. Sam Iversen.

Mr. S. Iversen is in very poor health.

Sid Groshong has been on an ironing trip lately. As it's old iron and found in vast numbers, he may make quite a small fortune. (?)

Wink Bishop has returned from below. He placed his nephew, Wylie, in an electrical school in San Francisco.

We are glad to see Charles Reed on the street again, smiling and happy since regaining his health.

Mrs. N. P. Howe gave Miss May Halliday a very small select party on Friday. It was a most delightful affair.

Porter Haggreen, again we are happy to say, is off the sick list.

REDWOOD VALLEY

Redwood Valley, Sept. 5—Emil Spitzer passed away at the German hospital in San Francisco last Monday. Mr. Spitzer had a partial breakdown about a month ago and got weaker every day, until the end. It was this breakdown which caused him to dispose of his store at a great sacrifice. Emil Spitzer came to Calpella six years ago, purchasing the store of P. R. Wightman. The building and stock were gradually enlarged until Mr. Spitzer had one of the best equipped country stores in the state. He studied theneeds of his customers and tried to carry everything the trade demanded. You could get almost anything you wished at his store, and he prided himself on the fact that he scarcely evtr out of any article, keeping his store stocked up remarkably well.

Mr. Spitzer was postmaster three years. He was also a notary public, deputy county clerk and issued drafts on all foreign countries. He was a keen business man, who could give anyont seeking it, expert advice. He was wrapped up in his business, and it is only too sad that the close application to his business undermined his health. We feel that the community has suffered a severe loss in the retirement and death of Emil Spitzer.

Mr. Rosenthal has purchased the stock of goods in the store of the late Mr. Spitzer from L. C. Bar and will dispose of as much of the stock as possible and ship the remainder.

Mrs. J. E. Johnson presented her husband with a fine 8½ pound boy last Sunday. Mr. Johnson is an officer in the U. S. A. and is stationed at Honolulu at present. His family is living in the Redwood valley home now.

Lee Lane is one of the absent Redwood valley boys who has been drafted.

Arthur Williams came home from Greenwood and expects to leave for Willits soon, where he will work again for H. B. Muir.

J. A. Ford's crew finished picking Kirk Ford's hops on the Nuckolls place Monday and began on J. A. Ford's home ranch. Kirk Ford has finished picking his hops on the Clark place south of Ukiah and will bring his crew up here to pick the hops on the Finnish colony ranch which he bought.

The pickers at the Joslin & Held yard are making very good weights this year. They have long hours to pick, so even the most industrious can get all the picking they want. Guy Joslin is again the popular field boss, with George King as understudy.

William Hetrick is carrying the U. S. mail while the regular carrier is taking his vacation in the hopfields.

J. C. Darlington, Joe Pilarek and J. D. Beldon are all planning to plant prunes next year. Pilarek and Beldon will both install a pumping plant too.

Miss Nora Chaffee came up from Oakland last week and spent two days with her mother and sister here.

W. D. L. Held and family are camping in the W. B. Smith house during hoppicking. Mr. Held is looking after his hop interests.

Miss Perle Taylor returned last Sunday from a two weeks' visit in San Francisco.

TALMAGE LETTER

Talmage, Sept. 4—Through wrong advice the resignation of Mr. Caffery and Mr. Neumeister was reported last week in these columns, and we have since learned of our error and beg to deny such report herewith. It was also reported that General Dissatisfaction was evident at the local hospital, without specifying that we meant thereby that the employees were dissatisfied with the low wages compared to outside employment, and with the long hours on duty. We are sorry to say that our statement seemed to leave some doubt as to whether the dissatisfaction felt was toward the officials of the hospital or with the conditions. For the benefit of such as did get such an inference, beg to say such was not the intention or this report. It was intended to call attention to dissatisfaction with salary conditions, hours of duty, etc., as compared with similar conditions in outside employment, and beg to apologize for not being more explicit in our statements.

We understand that the lack of help, owing to recent resignations, is no longer causing any worry, and that applications are coming in faster than there are vacancies to fill.

Charles Marlett, plumber at the hospital, resigned last week, and is now working in the hop fields near Ukiah, where he will remain until the 15th.

George Ellis took a trip to San Francisco last Saturday and returned Monday evening to his duties as plumber at the state hospital.

Robert Dixon, of Ukiah, has accepted a position as attendant at the hospital.

Gilbert Mott is still on the sick list at Ward 8.

John Denecky, for fifty years a pioneer of this coast, died here Monday from cancer trouble. Deceased was well known and worked in the various logging camps along the coast, and at Comptche. He made his home at Mendocino.

Four of the leading ranchers of Ten Mile river vicinity will have an approximate output of 1200 bushels of grain and 165 tons of baled hay this season. The individual amounts from each ranch follow: Biaggi, 600 bushels of grain and 30 tons of hay; Delra, 300 bushels of grain and 40 tons of hay; Sarrati, 45 tons of hay; Frazier, 300 bushels of grain and 50 tons of hay.

PLEAD GUILTY AND PAY FINE FOR KILLING DOE

(Cloverdale Enterprise)

Willis Miller and John Whitmore, of Cloverdale, both plead guilty in Judge Hurley's court at Ukiah last Saturday to having deer meat in their possession on June 15th of this year, during closed season, and were fined $50 each. They were given 30 days in which to raise the money to pay the fines.

It is reported that Willis Miller, who is hauling tan bark for Mr. Whitmore, saw the deer while on his return trip and shot it, then finding it to be a doe the men hung it up in C. H. Baker's woodshed and when Mr. Baker discovered it he immediately buried it.

Someone reported the matter to a game warden who arrived at the Elkhorn ranch and asked Mr. Baker where the deer was buried. He was shown the place and excavated the carcass for proof.

When asked why they put the deer in Mr. Baker's shed they replied that they heard Mrs. Baker wanted some meat for mincemeat.

Game Warden Perkins and Special Officer Clark made the arrests.

SOME FINE MELONS

G. W. Williams, a pioneer rancher of Redwood valley, was down to Ukiah the first of the week with a load of the fine muskmelons for which he is famous in these parts. Mr. Williams had no trouble disposing of the load. He left the editor two splendid specimens and we can testify that his product is fully worthy the reputation it bears.

Mr. and Mrs. Roy Lynch came up from Santa Rosa last week and will make their future home in this place.

THE WEATHER

The weather for the past week as reported by Dr. McCowen is as follows: Maximum temperature, 94; minimum 44. No rain for this season. Rain this time last year .53 of an inch.

Ed V. Henley, formerly an attorney in this city, was shaking hands with old friends the latter part of last week. He is with the Standard Oil company at Richmond now, where he has been since leaving here.

NEWS OF WEEK AT GUALALA

Gualala, Sept. 5—The past few days have been beautiful and bright, for which all are pleased, as the summer has been such a foggy and cool one.

Mrs. J. C. Briones is expected home the latter part of the week, having gotten through with her prune packing. She reports a very good crop.

Miss Lois Lampkin left for Sebastopol the 2nd to have a week with Mrs. Briones and then settle down to high school, which begins the 10th. She went down with Mr. White, who has been spending a few days at La Loma orchard, taking a little vacation before going away in training for Uncle Sam. He expects to be called by the 5th.

Christiansen, of San Francisco, and Hess, of Sebastopol, have broken camp on the Gualala, where they have been enjoying an outing for some weeks. They came in two fine cars and baggage in abundance to make camp life convenient, nearly as much so as their own homes. There is certainly pleasure in camping when you carry so many comforts along with you.

A social dance was given in Gualala hall Saturday evening, the regular weekly, which they never seem to tire of.

Miss Wallach was given a pleasant surprise by a visitor from Boonville, Mr. Delfatti.

Miss Selma Holzhauser, who is attending the state normal at Arcata, left for that city to resume her studies last Sunday.

TAX RATE

(Continued from page 1)

Ross gets $36,650 in the county general. He will spend for fencing the state highway $1650; for state highway bridges, $21,000; for Dark Gulch bridge, $5500; for two small bridges near Dark Gulch, $1600; for repairs and approach to Noyo river bridge, $750; for Frazier creek bridge, $1750; for Newport bridge, $500; for Rockport bridge, $1500; repairs to Usal bridge $800; general repairs all over district, $1600.

Supervisor Reynolds will get $15,750 from the county general, all of which will go toward the new bridge at Greenwood. The remaining $4250 of the $20,000 estimated to be required for this improvement will come from the funds of his district.

In the salary fund the original estimates called for $48,600. There was a balance in this fund of $1,867.32 and other receipts swell the receipts other than by tax to $9,600. This left an estimated $39,000 to be raised by taxation, which the supervisors cut to $37,512, making a rate of .232, against the original estimate of .24.

In the four per cent bond fund $4,700 is required. The income other than from taxes will be $140, leaving $4560 to be raised by taxes, the rate being .025.

The estimated rate in the county school fund was .320, which was cut to .313. The county high school fund was left at ,20, as originally submitted.

The general road fund was put at .40 and the special road fund at .20.

LOU FARRER WRITES OF LIFE IN SERVICE

Louis C. Farrer, of this city, who is in the Naval Reserve in San Francisco, is doing well and is advancing in rank. He likes the service and says the other boys there do also. His letter follows:

San Francisco, Sept. 3, 1917

Mr. Earl Thurston
Dispatch-Democrat, Ukiah.

Dear Mr. Thurston:—The copies of the Dispatch-Democrat which you have so kindly forwarded to me since I entered the Naval Reserve have been read with great interest, and it certainly seems good to get news from home. All the boys appreciate your thoughtfulness in sending these copies to us, and look forward eagerly for the next to arrive.

I have been in active service now for nearly three months, and it has proved to be very interesting work. In my work of examining the new recruits, I come in touch with nearly everyone entering the Naval Reserve in San Francisco, among whom are several of my old acquaintances. In this regard, I might mention Roy Rodgers, at one time salesman in Jamison Brothers' grocery department; Mr. Edward Eversole, who needs no introduction; and Roy Driesbach, who will be remembered as one of the star ball players of Ukiah, and who, by the way, is now working in the same department as myself.

While I am kept pretty busy with the regular routine work of the day, I still manage to find time in which to study and fit myself for advancement to a higher rating, and am now expectantly waiting for a transfer to another station in this city, which transfer is due tomorrow, and which will be accompanied with a promotion to either Pharmacist's Mate Second Class or Pharmacist's Mate Third Class, which will be an advancement of three or two ratings, respectively, with a corresponding increase in pay.

All the boys here seem well satisfied with their present work, and with their future prospects, although they all seem anxious to get into more active service, which will follow the necessary training which they are now receiving.

In closing, we all wish to be remembered to our friends at Ukiah, of whom we often speak during the meal hour and whenever we are together off duty; and if anyone who is a reader of your paper would like to have some information regarding enrolling and the advantages offered in the Naval Reserve, we will gladly extend to them a helping hand in obtaining this information.

Sincerely,
Louis C. Farrer.

CANNERY RUNNING OVERTIME

The local bean cannery is running two shifts at the present time, and is securing a maximum in the bean output. Two auto trucks are kept busy hauling the beans from Lake county to this place, where some 200 women are engaged in snapping the product, and 25 men in canning it. According to rumor the company has an immense contract with the United States government, which it is striving at the present time to fill. Besides this mammoth contract, local buyers are seeking their share of the famous Lake county canned beans. If the frost holds off long enough it is expected that the cannery will run forty-five days this year.
